V13 gen2

€ 1349,00

The second generation Vanguard V13 is a large-diaphragm multi-pattern tube condenser microphone lovingly re-imagined by our team over the last 2 years. We sought to improve upon the legacy of the lauded original V13, combining smooth modern detail with vintage warmth and character. With a gen2 upgraded power supply, premium cryogenically-treated tube circuitry, Neutrik® Group interconnects, and a VLSM shockmount, the V13 will be your go-to microphone for vocals and instruments alike.

V44S gen2

€ 1499,00

The second generation Vanguard V44S is a stereo large-diaphragm multi-pattern FET condenser microphone lovingly re-imagined by our team over the last 12 months. This unique microphone is designed to be a versatile, reliable, professional tool in the vein of highly-sought-after vintage stereo condensers of yesteryear. With a pair of twin coincident custom-voiced multi-pattern capsules, you can utilize X/Y, Mid-Side, Blumlein, and other less conventional stereo microphone techniques in a single microphone. With a gen2 redesigned detented heavy-duty rotation mechanism, premium cryogenically-treated FET circuitry, Neutrik® interconnects, and a VLSM shockmount, the V44S is the first and last stereo microphone you'll ever need to reach for.

V1s + Lolli

€ 1479,00

The Vanguard V1S+LOLLI is a multi-capsule pencil condenser microphone system. A versatile, reliable, professional tool for any recording engineer, studio, producer, or artist. Five total custom-voiced capsules – in both small- and large-diaphragm formats, and with multiple pickup patterns – allow for a cornucopia of tonal variations for virtually any sound source or recording situation. With a “straight-wire” circuit design, premium cryogenically-treated FET componentry, an unparalleled selection of capsules, and a true heavy-duty shockmount, the V1S+LOLLI will be your new “go-to” microphone pair for stereo recording

- Small-diaphragm capsule – Hypercardioid (pair)
- Small-diaphragm capsule – Omnidirectional (pair)
- Small-diaphragm capsule – Wide Cardioid (pair)
- V34C Multi-Pattern Removable Large-Diaphragm Capsule Assembly (pair)
- VSSM Small Shockmount with aerospace-grade suspension rings (pair)
- Padded Pinewood Microphone Box
- Stereo Microphone Bar

V1 1x V1 + capsules & shockmount € 599,00

V1 + Lolli 1x V1 + capsules, V34C lolli & shockmount € 739,00

V1s 2x V1 + capsules, shockmounts & stereo microphone bar € 1099,00
